

SENG 31242 – System Design Project

Use Case Diagrams and Use Case Descriptions

Group 10

SE/2022/046 - Lochithya Hettiarachchi

SE/2022/005 – Anushka Dilinuwan

SE/2022/010 – Adhithya Jayawardhana

SE/2022/025 – Vindya Wickramathilaka

SE/2022/041 – Ramesh Krishan

Supervisor – Eng. Dr. Tiroshan Madushanka

Use Case Diagrams and Use Case Descriptions

ID	Use Case	Primary Actor(s)	Description
UC-01	Register and Login	Patient / Doctor / Admin / Volunteer	User creates account, logs in securely, and accesses role-based dashboard.
UC-02	Manage User Profile and Consent	Patient	Patient manages profile, privacy preferences, and emergency contact details.
UC-03	Search Mental Health Specialist	Patient	Patient searches and filters professionals by category, language, consultation mode, and availability.
UC-04	Book Appointment	Patient, Clinic Admin, Doctor	Patient books an appointment; system confirms slot and notifies relevant parties.
UC-05	Manage Doctor Availability	Doctor / Clinic Admin	Doctor or clinic admin defines available time slots and clinic locations.
UC-06	Approve / Reschedule Appointment	Clinic Admin / Doctor	Clinic staff approves, reschedules, or rejects appointment requests.
UC-07	Join Telemedicine Consultation	Patient / Doctor	Patient joins secure video consultation using doctor-generated room link.

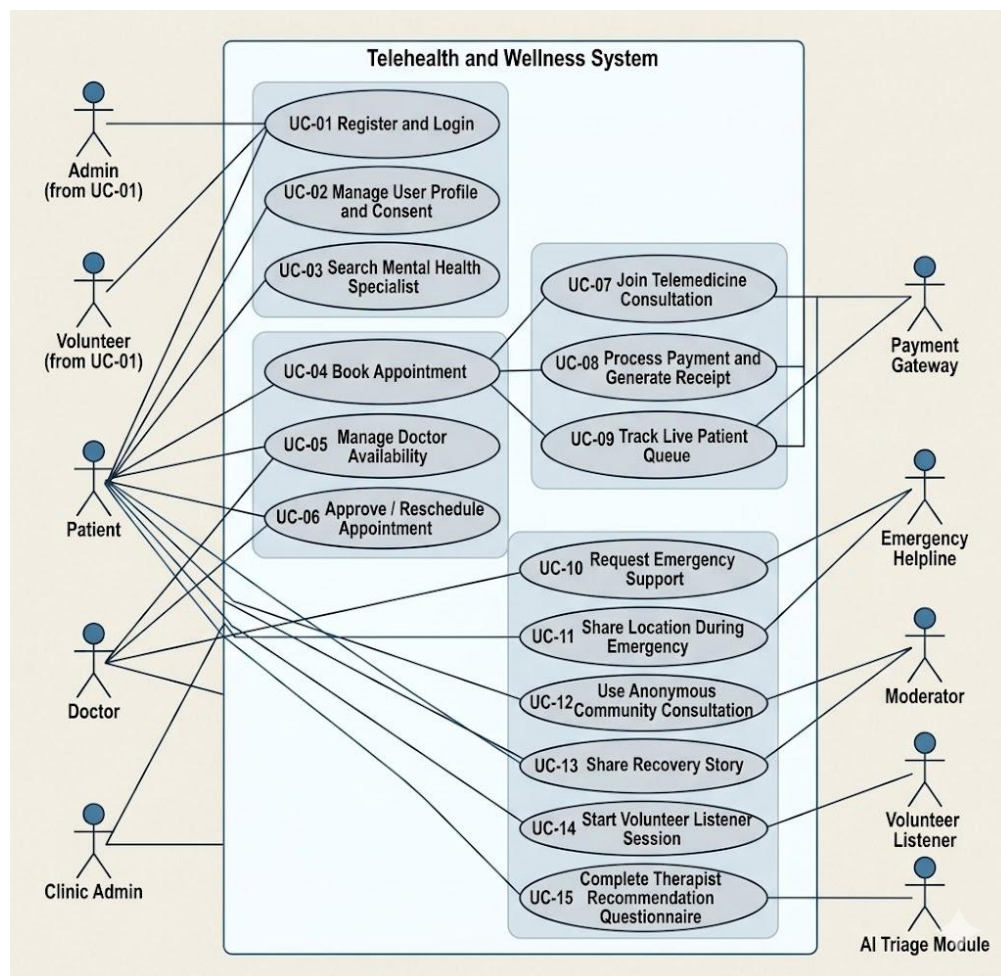

Interview Questionnaire for Mental Health Patients – SithCare Channeling App

ID	Use Case	Primary Actor(s)	Description
UC-08	Process Payment and Generate Receipt	Patient / Payment Gateway / Clinic Admin	Patient pays online or payment is tracked manually; receipt is generated.
UC-09	Track Live Patient Queue	Patient / Clinic Admin	System displays current token/queue position and updates when next patient is called.
UC-10	Request Emergency Support	Patient / Emergency Helpline / Doctor	Patient uses emergency button to call assigned professional/helpline or request urgent slot.
UC-11	Share Location During Emergency	Patient / Emergency Helpline	Patient confirms and shares location during emergency flow.
UC-12	Use Anonymous Community Consultation	Patient / Community Moderator	Patient asks general concerns anonymously; community responses are moderated.
UC-13	Share Recovery Story	Patient / Moderator	User submits recovery story; moderator reviews before publishing.
UC-14	Start Volunteer Listener Session	Patient / Volunteer Listener	Patient connects to trained volunteer for supportive non-clinical conversation.

Interview Questionnaire for Mental Health Patients – SithCare Channeling App

ID	Use Case	Primary Actor(s)	Description
UC-15	Complete Therapist Recommendation Questionnaire	Patient / AI Triage Module	Patient answers questions; system suggests specialist category with disclaimer.
